

Design: Nick Vela, Graphic Design student at WarrenTech North

This winter exhibition upholds the Arvada Center's commitment to supporting Colorado artists. The statewide juried process garnered 1,635 entries from 588 entrants representing all media. Selections were made by Arvada Center Exhibition Manager and Curator, Collin Parson, and Clyfford Still Museum Director, Dean Sobel. Parson and Sobel chose 191 works by 160 artists that represent the quality, depth and diversity of art being created in the state by emerging and established artists. This exhibition demonstrates that Colorado's artistic community is relevant and thriving.
